Good to know

Take time for yourself

Give yourself some time before your treatment appointment. Enjoy our thermal pool facilities and sauna world, and use them to warm up your body and soul before the treatment. We recommend arriving at our wellness reception 30 minutes prior to your treatments. This will give you sufficient time to relax and optimally benefit from our treatments. Please understand that late arrival on your part will result in a correspondingly shortened treatment time.

Clothing

We recommend that you enjoy our treatments without clothing. We respect your privacy and want you to feel comfortable at our spa. For this reason, your body is covered with towels – with the exception of the zones to be treated – during the treatments. We will also be glad to provide you with single-use undergarments. When you book a wellness package, our wellness reception will give you a comfy bathrobe and large sauna towel that you can use during your visit at the Franken-Therme.

Please note that rental textiles are not included with single treatments.

Changing area

Our wellness area has a separate changing area accessible via the wellness reception and exclusively available to our wellness guests.

Communication

Before each treatment, our wellness team will ask what is most important to you for the booked treatment. This is to ensure that your valuable treatment time is utilized in the best way possible for your needs and wishes.

We ask you to please inform us if you are pregnant or have a medical condition we should be aware of. We are pleased to individually advise you on suitable treatments already at your reservation.

Relaxing peace

Our wellness area is a place of peace and relaxation. Out of consideration for other guests and also for your own relaxation, we ask you to take a break from digital devices (cell phone) and to refrain from holding loud conversations.

Tea corner

Between treatments, we warmly invite you to a cup of tea in our waiting lounge.

Reservation:

Appointments must be made for all treatments in our wellness area.

For consultations and reservations, we are pleased to assist you daily from 9:00 to 22:00 under the telephone number 0 98 41 / 40 30 0.

Your appointments are binding and may be rebooked or cancelled without charge at the latest 24 hours before the beginning of the treatment. In the case of cancellations after this time, we reserve the right to charge 50% of the treatment costs. Please pick up your appointment schedule at our wellness reception on the day of the treatment.

Please take note of our spa rules.

This Wellness-Booklet is valid starting 1 February 2022. On publication of a new Wellness-Booklet, all previous Booklets lose their validity. We reserve the right to make changes.
